

UNITED STATES DISTRICT COURT
DISTRICT OF MASSACHUSETTS

UNITED STATES OF AMERICA)
v.) CRIMINAL NO. 04-10168-PBS
TAVON ROBINSON,)
Defendant)

GOVERNMENT'S REQUESTED VOIR DIRE QUESTIONS

In addition to the Court's customary introduction to the jury, the United States requests that the Court ask prospective jurors the following voir dire questions:

1. Have you, a family member, or someone close to you ever been involved in a criminal case as a victim, a witness, or a person charged with a crime?
2. Have you, a family member, or someone close to you ever been involved in the criminal justice system as a prosecutor, a defense attorney, an employee of either a prosecutor or a defense attorney, or as a law enforcement officer?
3. Have you, a family member, or a close friend ever been involved in any legal action or dispute with the United States government or any agency, officer, or employee of the United States government, or have you ever had any interest in such dispute?
4. Have you, a member of your family or a close friend ever

filed a lawsuit or claim of any kind against any police or law enforcement agency?

5. Have you, a family member, or someone close to you had any experience, favorable or unfavorable, with the United States government, the Drug Enforcement Administration, the Bureau of Alcohol, Tobacco, Firearms & Explosives or any other federal, state or local law enforcement agency, which might influence your consideration of this case?
6. Have you ever had any legal training, taken any law course, or been employed by a lawyer or law firm?
7. Do you, any family members, or close friends belong to any organization, church, or social group that is involved with crime prevention, law enforcement or that works with law enforcement, criminal offenders, victims, witnesses, prisons or police?
8. Have you or has any family member or close friend been a member of any group that lobbies or takes public positions on law enforcement issues?
9. The government may call a witness who has been charged with similar crimes and who has reached an agreement to cooperate with the government in the hope of lessening his sentence. Does this fact impair your ability to evaluate and judge fairly and impartially the facts in

this case?

10. Would you have any reservations in believing the testimony of a witness who testifies about the criminal actions of others if that witness was also involved in criminal activity?
11. Have you ever served on any federal or state jury?
12. Have you ever sued anyone or been sued by anyone?
13. There will be several law enforcement officials called as witnesses in this case. Would you believe or disbelieve the testimony of a law enforcement officer or government agent simply because of that person's position as a law enforcement officer or government agent?
16. Do you have any difficulty reading or understanding English?
17. Do you have a hearing impairment that may affect your ability to listen to the testimony of witnesses?
18. Do you have any other physical problem (e.g., problems with eyesight) that would make it difficult for you to serve as a juror?

19. Are you presently taking any form of medication that may make it difficult for you to serve as a juror?
20. Under the law, the facts are for the jury to determine and the law is for the judge to determine. You are

required to accept the law as I explain it to you. Even if you do not like the law or disagree with it, you must determine the facts according to my legal instructions. Please raise your hand if you think you may have any difficulty following this rule.

21. Do you have any opinions about federal drug laws that would cause you to have any reservations about deciding this case solely on the evidence presented and the law as stated by the Court?
22. As a juror in this matter, you will be asked to listen to the evidence presented by the parties and the law as the Court provides it for you. You will then be asked to return a verdict against or for the Defendant. Do you have any personal, religious, moral or philosophical beliefs that would prevent you from returning a verdict of guilty or not guilty against another person?
23. Is there any other matter which you would like to call to the Court's attention that may have any bearing on your qualifications as a juror or which may affect your ability to render an impartial verdict based solely on the evidence and the Court's instructions on the law?

The government also respectfully requests that if any juror answers any of the above questions in the affirmative, that the Court will conduct a further inquiry with that juror at sidebar.

Respectfully submitted,
